MARINE PRODUCTS: Winterizing Tank

WT1

Yardarm winterizing tanks are used in their mobile units and service centers.

Key Benefits:

- All welded steel frame, fiberglass tank
- Powered by 12 volt system
- Pre-wired battery box on top with lid
- On/Off switch on back side of tank
- Strong stainless steel handle
- Flush muff to accommodate a variety of drives
- Large front rubber lip
- 2,200 G.P.H. bilge pump

The Drivesaver Total Protection for your Drive Train

Absorbs vibration, reducing noise. THE DRIVESAVER provides a flexible, non-metallic barrier between your transmission and shaft. This barrier reduces not only drive train vibration, but the transmission of vibration and noise to you, your crew and the water. Both you and your vessel are more efficient in this quieter environment.

Absorbs shock.

The Drivesaver effectively absorbs thrust and torque from the propeller shaft, as well as excessive shock from changing gears and high speed planing. It also helps control damage and misalignment from torsional engine movement. And it keeps on working, under normal conditions, for the life of the drive train, with no lubrication or maintenance.

Prevents electrolysis.

The Drivesaver provides an impervious barrier that blocks electrical currents from the water. Your engine and transmission are protected from damaging corrosion.

Acts as a circuit breaker.

Repeat users of THE DRIVESAVER install new ones not because an old one wore out, but because of a hidden log, line, or rock that destroyed the coupling. That's right, THE DRIVESAVER was destroyed, not the costly transmission and engine. By acting like a circuit breaker, THE DRIVESAVER absorbs the extreme shock and torque of collision, breaks apart, and leaves your transmission and engine intact. You're back in operation faster, at a minimum cost. That's the kind of total protection you can't afford to be without!

Tolerances: Female Pilot: +.000 -.010 Male Pilot: +.010 -.000
Other Dimensions: +{(-)}1/64"

Model 5756, 7256, may be used between flanges with a bolt hole size larger than the bolts furnished with THE DRIVESAVER. Bushings to fit the flange will be furnished with THE DRIVESAVER.

FLUSHPRO™ FROM PERKO™

With FLUSHPRO™ from PERKO, you can flush your direct drives, V-drive, Jet Drive, applicable Inboard/Outboard or Heat Exchange systems with an ordinary garden hose. By waiting until the engine has cooled, flushing is simple and much safer than working with a hot motor.

- Flush your boat engine safely and easily.
 - Transparent so you can monitor water flow.
 - Check valve automatically shuts off hull intake when water pressure is applied.
 - Check valve prevents water from entering boat even if you forget to replace FLUSHPRO™ cap after flushing.
 - Tune up and change oil easily at your convenience.
 - Winterize your boat with optional adapter by running antifreeze from a bucket into the FLUSHPRO™ system.
 - Available in standard 1 inch or 1 1/4 inch hose size.
- *Kit includes: 1 Check Valve with Hose Clamps, 1 PER499 DP CHR Water Inlet Fitting and 1 7' Length of Hose and Fittings.

COASTAL

Cold King® Antifreeze & Coolant

Cold King® Antifreeze & Coolant is an ethylene glycol base coolant for automotive aluminum and low silicate heavy duty diesel engines and is designed to be compatible with SCA's.

ORDER NO.	PRICE
COA UPAF61	\$65.29

CAMCO

All Season Marine Engine Protection

Ban Frost 2000 Marine Engine Antifreeze & Coolant

from Camco provides All-Season Marine Engine Protection.

Concentrated Ban Frost 2000 Marine antifreeze is recommended for winter storage of raw water cooled systems (Inboard, Inboard/Outboard), and cooling of marine engine fresh water closed cooling systems.

Unsurpassed corrosion protection—protects all metals. Protects down to - 100° F (-73° C), and also provides anti-boil protection at a 60% concentration to 263°F. Permanent Antifreeze (antifreeze & anti-boil) plus winter storage application mixing charts provided on label.

ORDER NO.	PRICE
AFZ 1006	\$12.95

CAMCO

Do-It-Yourself Boat Winterizer

You can now quickly and efficiently service inboard/outboard marine engines. The patented Camco Do-It-Yourself Winterizer allows flushing and preparation of your boat engine for winter storage with just five gallons of antifreeze and your flusher.

ORDER NO.	PRICE
CMC 65501	\$49.47

CAMCO Non-Toxic Anti-Freeze

Protect your Boat or R.V.'s potable water system from expensive freeze damage with Camco quality Antifreezes. Camco Antifreeze inhibit fouling, corrosion and prevents Algae growth while helping in lubrication of pumps and valves throughout the entire Fresh water system. Camco Antifreezes are formulated to protect down to the labeled burst temperature even though some slush/semi-solid formation is normal.

ORDER NO.	DESCRIPTION	BURST RATING	USAGE
AFZ 5006	Arctic Ban 60 Alcohol/Propylene Glycol Mix	-60 deg F	Potable Water Sys., Heaters, Heads
AFZ 3006	Freeze Ban 50 30% Propylene Glycol	-50 deg F	Potable Water Sys., Raw Water Side of Eng. Cooling
AFZ 2006	Winter Ban 100 60% Propylene Glycol	-100 deg F	Potable Water Sys., Raw Water Side of Eng. Cooling

BoatLIFE

Test Tank Treatment

- The only patented product designed for outboard motor test tanks!
- Removes oil slick from water surface!
- Lower units come out clean. No wipe down necessary!
- Economical 50:1 ratio saves money and really does the job!
- Non foaming formula removes all traces of oil and dirt!
- Environmentally friendly.
No phosphates - Biodegradable!
- Pleasant fragrance neutralizes foul odors!
- Safe for rubber impellers and hoses, cleans water passages!
- Used to clean up oil spills!

ORDER NO.	SIZE	PACK	PRICE
BTL 1127	Gal.	4	\$18.82

CAMCO

Read Burst Protection Directly on Scale. The Camco Refractometer is a highly accurate instrument for testing the point at which antifreeze solutions begin to solidify. This eliminates guesswork, with no charts, graphs or conversions. Recommended for use with all methods of winterization where propylene glycol based antifreezes are used.

ORDER NO.	PRICE
CMC 65401	\$285.71

Starbrite

Descaling Engine Flush

Removes scale, zebra mussels, general marine growth and vegetation from all marine engines. Will not damage engine seals, gaskets, or rubber impellers. Can be used with CMC 65501. Do It Yourself Boat Winterizer.
